Subject (9088005) RE_ QASP for Delfasco

For the map I am sending to Delfasco, I just want the passive locations we installed on their property.

Do you want the passive location map to include all of the samples or just the ones that we collected?

RE: QASP for Delfasco

Bret,

All of the text is done and in review. We need the two figures from graphics to complete. We probably could get the text out later today.

Just a heads up. Our corp office is moving this weekend and is shutting down the servers to move them at 4:00 today. You will have to use cell phones to contact us after 4:00 today until Monday.

Dave,

Myra is starting to bug me about the QASP for the Delfasco sampling. She says they will have to purchase more summa canisters and they need the QASP as part of their justification for the purchase. When do you anticipate having it completed?

Thanks,
Bret
